Volume 4 Number 1, June 2002

(Published in June, 2003)

Engineering & Technology

Khan, M. H. R.

η' Production in β meson decays: theoretical inconsistency with experiment versus new physics. 597-601

Islam, K. S.; C. K. Roy & M. M. Rahman

Ontology based directory enabled network design using java naming and directory interface. 603-610

Life Sciences

Alam, R.; M. S. M. Rahman & M. N. Amin

Short-term conservation of sweet potato *Ipomoea batatas* L *in vitro*. 611-615

Babor, S. M. E. & S. K. Rakshit

Production potential of acetic and lactic acid of probiotic *Bifidobacterium lactis*. 617-621

Hossain, B.; N. M. Jahangir & M. Ahsan

Effect of mulches on the yield of sunflower in coastal saline areas of Bangladesh. 623-625

Hossain, B. M.; K. M. Hossain; M. Jahan; M. M. Alam; N. Sultana & K. Nag,

Study on the effect of alpha-amylase on commercial bread production techniques in Bangladesh. 627-631

Hossain, K. M.; M. M. Alam; B. K. Sil & M. J. F. A. Taimur

Comparative seroevaluation of live and killed Newcastle Disease (ND) vaccine in broiler farm. 633-639

Islam, M. M.; S. M. K. Saifullah & M. G. Raihan

Callus induction and plant regeneration in anther culture of rice (*Oryza sativa*, L.). 641-644

Islam, M. R.; M. A. Mannan; M. M. Rahman & S. A. K. U. Khan,

Genetical variability and correlation studies in bittergourd. 645-648

Islam, M. S.; K. Sarkar; G. M. R. Islam; A. K. M. S. Islam; S. Afroz & D. Karim

Effect of vegetable protein on the production performance of laying ducks. 649-654

Khan, S. A. K. U. & M. G. Rabbani,

Effect of different substrates on *in vivo* establishment of *in vitro* cultured potato plantlets. 655-657

Masud, M. M. & A. Jabbar

Toxicological studies of antibiotics from a *Streptomyces* strain on Long Evan's rats. 659-664

Misbahuzzaman, K. & J. Wilson

A study on the development of Arbuscular Mycorrhizas in (*Eucalyptus camaldulensis* Dehnh.) seedlings at different ages and their effects on seedling growth. 665-670

Molla, S. R. & S. M. I. Huq

Solid waste management: effectiveness of composts on productivity of soil. 671-676

Rahman, S. M. M. & M. Yoshida

Regulation of seed dormancy in cherimoya (*Annona cherimola* Mill.). 677-681

Rahman, S. M.; M. D. Asaduzzaman; M. K. Saha; M. A. B. Siddique & M. M. Hossain

Proximate composition and status of some small indigenous fish species in Bangladesh. 683-688

Tareque, A. M. H. B.; M. Z. Basher & I. Alam

Some biological aspects of *sada datina* (*Pomadasyus hasta*) from the Sundarbans ecosystem, Bangladesh. 689-697

Social Science

Islam, M. S.; M. N. Islam; M. E. Kabir & K. M. Zaman

A comparative study of some forestry activities between Government and NGOs in Khulna, Satkhira and Bagerhat districts in Bangladesh. 699-706

Rakkibu, M. G.; M. W. Islam, & R. Rana

Comparative financial evaluation of homestead agroforestry, corpland agroforestry and annual cropping at Rajshahi, Bangladesh. 707-711
