

Khulna University Studies

Volume 1 Number 2 December 1999

ARTS & HUMANITIES

Content ¹

Arts & Humanities

Baqi G.A.H.

Art and the concept of Beauty.

109-113

Naqi M.A., Mridha A.M.M.H.

Search of patterns of early colonial schools: case studies in Dhaka.

115-126

Engineering & Technology

Debnath R.K., Kadir M.I., Mandal J.

Minimization of propagation delay of CMOS inverter driving: An RC load.

127-131

Hannan M.O., Khan M.N.I., Chowdhury M.H., Hasnin S.M.

Impact of village tree species on physical and mechanical properties of Hardboard in Khulna Hardboard Mills Ltd., Bangladesh.

133-137

Hannan M.O., Roy A.K., Hasnin S.M.

Comparative study on the constituents of sound and disease affected Sissoo (*Dalbergia sissoo* Roxb.) wood.

139-142

Islam M.A., Ripon S.H.

Vectorization of irregular shaped engineering drawings to CAD form.

143-147

Karim M.R., Parvez M.S.

Application of GIS for the development of an automated land information system: A case study on Khulna Development Authority.

149-158

Khan M.H.R., Islam M.R.

A Monte Carlo simulation study for the charmless hadronic decays of the B-mesons in the Belle experiment at KEK in Japan.

159-167

Mowla Q.A., Khaleda S.

Safer urban environment: A case of Dhaka's transportation and traffic.

169-176

Mowla Q.A.

Spatial manifestation of societal norms: A case of urban design in Bangladesh.

177-186

Naqi M.A., Islam Z., Bhuiyan M., Catherine S., Gomes D.

The virtual reconstruction of Paharpur Vihara.

187-204

Environmental Sciences

Mowla Q.A.

Khulna's urban poor and their living environment: A point to ponder at the beginning of third Millennium.

205-212

Saroar M.M., Moinuddin G.

Status and constraints of safe water and hygienic sanitation program:

A study of five villages of Batiaghata thana, Khulna, Bangladesh.

213-223

Life Sciences

Azam K., Ruiz-Capillas C., Horner W. Quality of cod (<i>Gadus morhua</i>) filets packed in ice and modified atmospheres.	225-234
Bhuiyan M.R., Kumar S.T. Peat soils of Bangladesh, their characteristics and management.	235-240
Bhuiyan M.R., Shams M.I., Khan M.N.I., Kabir M.A. Chemical properties and nutrient status of terrace soil in the Madhupur tract of Bangladesh.	241-244
Chisty M.A.H., Rahman S.M. Effect of low cost feed on the growth performance of prawn (<i>Macrobrachium rosenbergii</i>) in <i>Gher</i> farming system.	245-249
Hoque A.K.F., Sarker T.K., Kabir M.E., Islam A., Hannan M.O. Effect of elevation, slope and aspect on the height and diameter growth of <i>Acacia auriculiformis</i> in a degraded hilly area of Bangladesh.	251-258
Hossain M., Rakkibu M.G. Effects of copper on aquatic ecosystems - A review.	259-266
Hossain S.J., Saha M.L., Ameen M., Azam K., Khan M.R. Preliminary study on <i>in vitro</i> control of bacteria isolated from <i>Macrobrachium rosenbergii</i> (De Man) hatchery.	267-271
Islam M.M., Ivanov G.I., Ahmed M. The effect of plant growth regulators on callus induction and regeneration of haploid plantlets in anther culture of wheat.	273-276
Matin M.A., Khan M.N.I. Growth performance of seven species of <i>Albizia</i> seedlings at nursery stage in Bangladesh.	277-282
Mehedi M.Y., Islam M.S., Rouf M.A., Mostafa M. Biochemical composition of some seaweeds from St. Martin's island, Bangladesh.	283-287
Mehedi M.Y., Kamal D., Azam K., Khan Y.S.A. Trace metals in coastal water along the ship breaking area, Chittagong, Bangladesh.	289-293
Sadhu S.K., Ahmed M.U., Datta B.K. Histopathological and microbiological studies on the crude extract of <i>Persicaria stagnina</i> and its chief constituent stagninol.	295-297

Management & Business Studies

Akhter N., Naqi M.A., Nurunnabi M. Industrial health, hygiene and safety conditions in local private manufacturing industries in Khulna city: An exploratory study.	299-309
Islam M. A. Growth and development of leasing business in Bangladesh: An evaluation.	311-317
Shahabuddin A.S.M. Internal people involvement in TQM perspective: An integrated framework.	319-327

Social Sciences

Alam M.A., Roy D.C. Changing rural land ownership, land use pattern and it's socio-economic implications: study on two villages of Batiaghata thana, Khulna.	329-337
Hasan M., Haque S.M., Saroar M.M. Responses and perceptions of people while coping with flood and riverbank erosion in Bangladesh.	339-347
